FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
 - Neither party to this dispute submitted copies of the explanation of benefits to support denial/reduction of payment for the disputed services.

The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on April 1, 2016. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issue

Did the requestor waive the right to medical fee dispute resolution?

Findings

28 Texas Administrative Code §133.307(c)(1) states: "Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section. (A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute." The date of service in dispute is January 6, 2015. The request for medical dispute resolution was received in the Medical Fee Dispute Resolution (MFDR) section on March 24, 2016. This date is later than one year after the date of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MFDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
